

FOR IMMEDIATE RELEASE

### **BCM Resources Corporation Appoints New Director and V.P. of Exploration**

**October 30, 2015, Vancouver, BC** - BCM Resources Corporation (TSX-V: B), the "Company" is pleased to announce the appointment of Richard R. Redfern, M Sc. to its Board of Directors and as Vice President-Exploration. With over 35 years of field, and upper management, experience, Mr. Redfern has a solid geological background in generating and conducting exploration programs worldwide for copper, gold, molybdenum, and rare metals, resulting in significant discoveries.

Mr. Redfern is an AIPG Certified Professional Geologist and is a Qualified Person as defined under National Instrument 43-101. He holds a M.S. degree in geology from UCLA. This appointment reflects the strengthening of the BCM Resources team as the company continues to advance the Thompson Knolls, Utah copper-gold-silver prospect and its portfolio of molybdenum and other base/precious metals properties in British Columbia.

Mr. Redfern has a wealth of experience in the field and has had a geological consulting business for over 30 years. He is President of Mexivada Mining Corp., and former Sr. Exploration Geologist with Barrick Gold, looking for acquisitions and for new gold deposits in Mexico. He was VP Exploration for Goldstake Explorations in South Dakota and Australia, and worked for Homestake Mining Company exploring the Black Hills for gold deposits, and for Urangesellschaft exploring for uranium deposits in the western U.S.

He has extensive experience working on gold and porphyry-type prospects in the southwestern U.S., Mexico and in British Columbia. Mr. Redfern discovered the Moly Dome molybdenum porphyry deposit in northern Nevada, worked on porphyry prospects in the large Cananea district of Mexico, and has studied porphyry deposits in the Highland Valley and Endako areas of B.C.

*"We are excited to have a geologist with Rick's extensive background and experience on our team. We are confident that Rick will play an integral role in advancing our Company's portfolio of exploration projects to the next stage"*, states Dale McClanaghan, President of BCM Resources Corp.

The appointment is subject to regulatory approval.

#### **About BCM Resources Corporation:**

BCM Resources Corporation is a diversified Canadian mineral exploration company focused on identifying, acquiring, advancing, and joint venturing prospective Copper, Gold, and Molybdenum exploration projects in Utah and British Columbia. BCM Resources is managed by experienced and successful board members and advisors. **Caution Concerning Forward-Looking Statements**

This news release and related texts and images on BCM Resource Corporation's and Inland Explorations Ltd.'s websites contain certain "forward-looking statements" including, but not limited to, statements relating to interpretation of mineralization potential, drilling and assay results, future exploration work, and the anticipated results of this work. Forward-looking statements are statements that are not historical facts and are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metals prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical, governmental, social, or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the company's projects; uncertainties involved in the interpretation of sampling and drilling results and other tests; the possibility that required permits and access agreements may not be obtained in a timely manner; risk of accidents, equipment breakdowns or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in these work programs.

Forward-looking statements contained in this release are based on the beliefs, estimates, and opinions of management on the date the statements are made. There can be no assurance that such statements will prove accurate. Actual results may differ materially from those anticipated or projected. BCM Resources Corporation undertakes no obligation to update these forward-looking statements if management's beliefs, estimates, opinions, or other factors, should change.

NEITHER THE TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDERS  
(AS THAT TERM IS DEFINED IN THE POLICIES OF THE TSX VENTURE EXCHANGE)  
ACCEPT RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS RELEASE.
