BCM Resources Corporation Announces Drill Rig Mobilized to Thompson Knolls Copper-Gold Porphyry Exploration Project in West-Central Utah

Vancouver, BC, April 18, 2018 - *BCM Resources Corporation (TSX-V: B)*, the “Company” is pleased to announce that Godbe Drilling has mobilized its newest Drill Rig; the EG-6500 “Elephant Gun” to the Thompson Knolls (TK) Copper-Gold Porphyry Exploration Project in West-Central Utah.

The “Elephant Gun” is a state of the art “Deep Hole Core-Rotary-DTH Combination Rig” capable of Reverse Circulation Drilling to a maximum depth of 2500’ and Diamond Drilling to a maximum depth of 8500’.

The company will be completing an initial drill program totaling 2,000 metres on the Thompson Knolls Copper-Gold Porphyry target located in the north-central portion of the project area. The target is defined by coincident chargeability and magnetic anomalies and is flanked by skarn development and sediment hosted gold occurrences. The TK property has not been drilled in over 20 years, with the central target being untested by drilling.

As previously announced, the Company has entered into an option agreement with Inland Explorations Ltd., a BC headquartered non-reporting Issuer, (“Inland”), for an option to acquire up to 60% interest in Inland’s drill-ready Thompson Knolls Copper-Gold Porphyry Exploration Project (“TK Property”) in Utah’s Great Basin, one of the premier metallogenic provinces in the world. The TK Property is located in Millard County, Utah and consists of 125 federal unpatented lode mining claims and two State Section Leases, comprising 3,465 acres (1,402 ha).

About BCM Resources Corporation

BCM Resources Corporation is a diversified Canadian mineral exploration company focused on identifying, acquiring, advancing, and joint venturing prospective Copper, Gold, and Molybdenum exploration projects in British Columbia and Utah. BCM Resources is managed by experienced and successful board members and advisors. Caution Concerning Forward-Looking Statements

This news release and related texts and images on BCM Resource Corporation's website contain certain "forward-looking statements" including, but not limited to, statements relating to interpretation of mineralization potential, drilling and assay results, future exploration work, and the anticipated results of this work. Forward-looking statements are statements that are not historical facts and are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metals prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical, governmental, social, or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the company's projects; uncertainties involved in the interpretation of sampling and drilling results and other tests; the possibility that required permits and access agreements may not be obtained in a timely manner; risk of accidents, equipment breakdowns or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in these work programs.

Forward-looking statements contained in this release are based on the beliefs, estimates, and opinions of management on the date the statements are made. There can be no assurance that such statements will prove accurate. Actual results may differ materially from those anticipated or projected. BCM Resources Corporation undertakes no obligation to update these forward-looking statements if management's beliefs, estimates, opinions, or other factors, should change.

This news release and the information contained herein does not constitute an offer of securities for sale in the United States and securities may not be offered or sold in the United States absent registration or exemption from registration.

NEITHER THE TSX VENTURE EXCHANGE NOR ITS REGULATION SERVICES PROVIDERS (AS THAT TERM IS DEFINED IN THE POLICIES OF THE TSX VENTURE EXCHANGE) ACCEPT RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS RELEASE.
